

FOR

- Bookings of more than one class (or 30+ students) per day,
- Schools that have high concern for students getting wet,
- Younger children (years 1-4)

Organisation of a postponement day is required, AND

Schools have a communications plan in place to ensure that parents/teachers are aware of this and can be notified at short notice as required.

OR

Teachers ensure that students have good quality wet weather gear and gumboots,

AND

That all other teachers and parents clearly understand that their children/students may not get the same high quality and unique experience they would have if the programme was able to be run fully outdoors with lower Rotokare educator(s) ratio to students.
